

Green Business Application

The purpose of Sustainable Wheat Ridge (SWR) is to involve the community in recommending and prioritizing environmental sustainability goals for the City of Wheat Ridge, including Wheat Ridge businesses. The Wheat Ridge City Council has prioritized the following focus areas in sustainability:

- Green building & Energy Efficiency*
- Renewable Energy*
- Solid Waste & Recycling*
- Transportation*
- Water*
- Communications & Engagement*

SWR is asking for businesses that demonstrate sustainable practices to **nominate themselves** based upon City Council's priorities. More information on SWR can be found on the [City webpage](#).

All applicants will be reviewed and may receive recognition at the 2019 Wheat Ridge Business Awards.

How has your business demonstrated sustainable practices?

Tell us about real, measurable improvement in one to three (1-3) topic areas

Energy efficiency and energy sources, water conservation and management, waste management, transportation, business management (green purchasing, green cleaning, packaging, establishing sustainable policies), community engagement.

Examples: energy bill reduction, reduced miles driven, water conservation, conservative purchasing practices, community engagement on SWR focus areas.

Sustainable Practice #1:

Sustainable Practice #2 (optional)

Sustainable Practice #3 (optional)

Please submit this form by email to Marianne Schilling at mschilling@ci.wheatridge.co.us

All applications are due on Friday, August 30 at 5 p.m.

*All applicants must be businesses located in the city of Wheat Ridge.
Qualified applicants may be recognized at the 2019 Wheat Ridge Business Awards.
Wheat Ridge staff will contact awardees if applicable.*
