

(Plaque for "Sweet Grass Dance" Sculpture, Anderson Park, 2019)

Dancing in a Timeless Place

**West from the Pavilion in Anderson Park
Abstract grass forms rise from the ground
Inviting you to dance to the music
Found in the beauty of natural space
Cornered by yesterday, today and tomorrow
Memories of golden wheat and pioneer spirits
A limestone arched celebration of young and old
A new century gathering of migrating settlers.**

*Sharon R. Heinlen, 2019
Wheat Ridge Poet in Residence*
